Fill out the form

Fill out the submission form and upload your file (PDF is preferred. Word files will be automatically converted to PDFs, but non-standard formatting might be lost).

- Because you're logged in, your name will be autofilled in the author field. If you have coauthor(s) be sure to add them as well!
- A DOI is an identification number for articles published in academic journals, your work probably won't have one, so you can skip this field.
- An embargo is a hold we can put on your project so users won't be able to download or view the pdf of your work for the amount of time specified.

Submission agreement (last page of this guide)

Check the **additional files** box right above the **Submit** button before you proceed.

On the next screen, upload a scan/photo of your *signed* Submission Agreement (**found on the last page of this guide**). Please fill in the description text box and make sure “Show” is **unchecked** so the file will be hidden from public view.

If you have a pdf editor (like Adobe Acrobat), open up the blank submission agreement and add an e-signature.

If not, print out and sign the form by hand. Then upload a scan or a picture of the signed agreement as instructed above.

ATTENTION MPH STUDENTS:

You are *also* required to submit your **MPH Open Access Permission Form**. This form is available on your Canvas site. If you have any questions, please contact either your professor or Dory Escobar at descobar4@usfca.edu

Choose your file carefully!

There's no way to delete a file you've uploaded to this page. But if you want to get rid of something just uncheck the box to ensure it won't be shown with your work.

**UNCHECK THE BOX
IF YOU DON'T WANT
YOUR FILE TO BE
VISIBLE TO THE
PUBLIC**
