# From *To Know a Monster*

## The Story of the Greensboro Massacre

EMILY MANN

---

### PROLOGUE THE PRESENT “W. A. R.”

*Lights come up on a young man, very thin, almost waif-like. He is hunched over, vulnerable.*

#### YOUNG MAN

It starts early.  
They start to drain your white pride in school.

They tell you how our evil ancestors  
went over to Africa  
and so brutally took the blacks  
'n they tell you how-about we came over here  
and what we did to those Indians,  
they show you World War Two documentaries  
that are chock fulla lies—  
What about the good German people?  
What about our white ancestors  
who were tortured by the savage Indians?  
Now what do we have?  
We have total Jew domination.

We are the master race—intellectually, creativity—  
we are the master race—  
How did we come enslaved by the Jews?  
I think the answer is easy—  
it's in our culture, it's in our heritage,  
it's in our blood from day one

to be honest, honorable, hard working people.  
It's in their blood from day one  
to learn how to deceive the Gentiles.

And now what do we have?  
A whole bunch of reverse discrimination.  
We have the anti-hate law which might as well be called  
the anti-white law  
cuz I never heard it used against any of those mud races.

We have to prepare for war, and we know that.  
The time has come—it's going to be too late.  
I don't need to tell you that means food storage, target practice,  
ammunition... There's going to be a lot of bloodshed.  
Personally, I can't think of a better way to go  
than to die for my people.

*(He raises his arm in a Heil Hitler salute)*

Victory for the Lord God Israel. White Power!

*A middle-aged man in a white shirt, white cap, with black insignia stands at a podium with a microphone. Behind him are the Confederate flag, the National Socialist flag, and a silver Viking broad-sword mounted into a stone block. He's been talking and is agitated.*

MAN

We can't use the same techniques we've been using  
for the last 40 yrs ...

Look at Louis Farrakhan—black leader, Nation of Islam—  
10,000 hard core members in Chicago, with 30 or 40,000 supporters  
100,000 supporters around this country.  
And when Louis Farrakhan speaks, he doesn't speak  
in a small church like this  
he gets a sports amphitheater that seats 50,000 people.  
Farrakhan spoke last year in Madison Square Garden.  
He had 40,000 people show up.  
That just shows you what white people are up against.  
We're going to have to get started here.

We are the White Knights of the Ku Klux Klan.  
We are not supremacists. OK... We are separatists.

We're not supreme anymore.  
We've been degenerated. The last 30 yrs the white race  
has gone downhill so fast it's unbelievable.  
You take the Japanese right now. They are superior.  
They are burying the world in high quality automobiles,  
electronics, and cameras and so forth.  
So who's superior?  
We don't want the Orientals here because we fear em—  
we fear the Orientals  
because they are a racially conscious people.  
They're *homogenous*.  
The Prime Minister of Japan told it like it is.  
He said you ain't gonna go anywhere cuz you got  
Puerto Ricans, you got blacks, you got Vietnamese...  
Yr culture's being destroyed and yr at each other's throats.  
You're not going to be able to work together.  
And he's right.  
The Japanese don't have a civil war for minorities. We have.  
We're in a civil war.  
You think these Jews and these Negroes don't have any power and  
these idiot liberals...

We of the White Knights of the Ku Klux Klan are not going to  
sugar-coat our ideology.  
We are pro-white. We like the r word. We are revolutionaries.  
Look—  
The masses respect power. Look at the IRS.  
They grumble and groan but come April what is it? April 14  
they come right out with their 1040 forms.  
The masses respect who's in power.  
And I don't think it shows power  
when you have half a dozen Klansmen walkin down the street  
in sheets,  
with 100 cops around  
in front 500 jeerin, screaming white protestors.  
When Joe Six-Pack sees that,  
he's got nothin but contempt for the Klan.  
But we can win over Joe Six-Pack with our ideology.  
Why? Because Joe Six-Pack agrees with us.

Let's talk about tactics.  
Let's talk about invisibility.

It's time for the Klan to go Invisible.  
 Put on a coat and tie like David Duke and get  
 40% of the vote in Louisiana.  
 We're wastin our troops. The Big Battle's comin.

Let's talk about courage and fear.  
 Most of the Knights have lost their jobs. We live near the ghetto.  
 We live near these blacks.  
 You have to deal with fear every day.  
 You talk about blood in the face...we get pale in the face,  
 but when you get fulla anger and rage, you'll overcome that fear.  
 We'll ally with you—National Socialist, Identity Christian,  
 what have you. We'll work with you.  
 We make the best fighters. Why?  
 The White Knights have been hurt by the system,  
 knocked down by the system,  
 kicked by the system.  
 We make the best fighters because we got nothing more to lose.

*A man, thin, dapper, almost elegant in a white suit, red tie, enters. He speaks quietly and very intimately, with the audience.*

#### ANONYMOUS MAN #3

Ladies and gentlemen—  
 actually this wasn't a planned grand entrance.  
 I was just out there going over in my mind  
 what I was going to say to you today.  
 What are those magic words that will help you realize the terribly  
 critical situation that our race faces at this junction in history.  
 You are the terminal generation,  
 you're the last gasp  
 of the white race.  
 The evidence of that becomes clearer every day.  
 As of the 1990 census Texas is a non-white state.  
 It's 49.9% white and the rest is non-white.  
 The U.S. will be the same by the year 2024.  
 The millenium is approaching and what can a small handful  
 of well-meaning, for the most part, thoughtful people  
 who are concerned not only about the present  
 but about the future  
 what is it that we can do to change the future

because the future as it exists today  
 means the end of these white children playing out here  
 on the ground  
 and a way of life that you know  
 they will never know it.  
 Now there are millions upon millions of Americans  
 where that doesn't bother them—they don't care.  
 What separates you from them is you are a caring loving person.  
 So when I think of all the things—hatred, bitterness  
 anger and love  
 all the emotions  
 it's perfectly clear to me  
 that only love will save us.  
 Now if that sounds to some of you like a soft  
 luke-warm  
 stance  
 then

*(he screams)*

YOU DON'T KNOW ME

*(he takes off his jacket)*

You are going to have to love enough to take on the most  
 vile degenerate evil criminal government on the face of the earth.  
 I've got good news and bad news  
 said the German commandant to the Jew.  
 The good news is  
 you'll be seen in the best hotels in Europe  
 The bad news is  
 you'll be going as soap.  
 We're losing  
 We're losing.  
 And there's no reason for us to be losing.  
 We conquered for 7,000 years.  
 Why aren't we doing it today?  
 We're losing.  
 And the problem is we've become a weak people.  
 Look—now it's okay if you walk up to the edge  
 of the Rocky Mountain out here  
 and you look over  
 and you see it's 4,000 feet down and you think  
 gee, I'm afraid to go any further to the edge.  
 That's not cowardly fear.  
 That's astuteness.

That's very wise.  
 You take another step and  
 it's over the edge.  
 I'm not complaining about that.  
 What I'm complaining about is  
 yer afraid to push the *enemies*  
 over the edge of that cliff

### BLACKOUT
